ISSUED BY: OxyChem Quality Assurance

Seal Numbers:

In food contact applications, this product is intended for use in solution form. After dissolving in potable water and filtering or settling to separate any insoluble residue, solutions made from BRINERS CHOICE will meet the Food Chemicals Codex (FCC) requirements for calcium chloride solutions.

Produced in compliance with FDA FSMA Preventive Control Rules for Human Food - September 17, 2015.
Meets Global Food Safety Initiative - Produced at an SQF certified facility.

When properly stored to protect from moisture contact, the expected shelf life for this product is 36 months.
For inquiries, please contact Customer Service or local sales.
